Designing Handheld Applications

PalmSource 99

- Objective
  - Learn how to design a Palm OS® application
- Agenda
  - Explore the design of two built-in applications
    - Expense
    - Datebook
  - Design a new application

Explore Design

PalmSource 99

- Expense
- Datebook

Design a New Application

PalmSource 99

- Design Process
  - Decide functionality on handheld
  - Decide functionality in conduit
  - Prototype the application
- Let’s do it!

Summary

PalmSource 99

- Use the handheld for what it is good at
- Don’t forget the PC
- Minimize steps and taps for frequent operations
- Prototype
