PalmSource™ 99

Palm OS® Software Roadmap

Robert Hayes
Platform Product Manager

3Com®
More connected.

Goal of the Platform Strategy

PalmSource 99

- Grow the market for mobile handheld devices

Achieving Our Goal

PalmSource 99

- Drive development in two distinct but related markets
- Build a platform that enables our licensees to develop winning products
- Strengthen the Palm Economy by enabling solution providers

Implications of Platform Business

- Application development leveraged across more Palm OS® software devices
- Palm OS® software development experience becomes more valuable as device breadth grows
- Solution providers can benefit from stronger platform identity

First Platform Product Not Specific to Any Device

PalmSource 99

- Palm OS® software Release 3.3
  - Developed for the existing handheld market
  - Targeted feature set
  - Enabled maturation of platform process
  - Has been on the developer web site for months

First Substantial Platform Product

PalmSource 99

- Palm OS® software Release 3.5
  - Targeted at the handheld market
  - Establishes process and momentum for delivering platform releases
  - Adds significant new handheld features
  - Will likely ship in devices 1st half/2000

Contents of Release 3.5

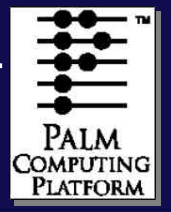

PalmSource 99

- Feature improvements
  - Color support
  - UI enhancements
  - Web clipping API
  - Roman and Japanese localizations
- Other improvements
  - Hardware Abstraction
  - HW reference platform
  - Licensee tools
  - Localization tools

Next Release

PalmSource 99

- Palm OS® software Release 4.0
  - Targeted at the handheld organizer and communicator markets
  - Will strengthen our position in the handheld organizer space
  - Makes significant additions to our communicator offering
  - Will likely ship in devices in late 2000/early 2001

Contents of Release 4.0

PalmSource 99

- Focus on modularity
  - Further hardware/kernel abstraction
  - Core handheld API set
  - Phone extension APIs
  - Other functional modules
    - Developed by partners
    - Developed by Palm Computing
- Phone functionality
  - Telephony API
  - Enable PIM apps for phone devices
  - Low-level changes

Future Releases

PalmSource 99

- Strengthen Palm OS® software lead in the handheld and phone space
- Other processors, other screen sizes, other input methods
- Continued focus on the appropriate set of features
- Focus on the user experience
- Enable success in the solution provider market

PALM COMPUTING PLATFORM™

Specifically for Solution Providers

PalmSource 99

- New Toolsets
  - Better conduit tools
  - Visual Basic
  - Java
  - Localization
- Marketing support
  - Releases with marketing support
  - Coordination with licensees
  - Branding campaign

PALM COMPUTING PLATFORM

Focus on market growth

PalmSource 99

- Working with licensees
- Working with solution providers
- Providing the best solution for end users

Q&A

The Fun Bit™,©,®,BS, MS, PhD.

Palm Devsupp and Guests

O Come All Ye Coders
(To the Tune of "Come All Ye Faithful")

PalmSource 99

O come, all ye coders,

Hacking and debugging,

O come ye, O come ye, to PalmSource™ 99

Come and behold it

Born the Palm OS® Platform

O come, let us ship software,

O come, let us ship hardware,

O come, let us ship product in the Palm Economy

Handhelds that Have Tried to Fly
(To the Tune of “Angels We Have Heard On High”)

PalmSource 99

Handhelds that have tried to fly,

Shipping products in the dark,

And the market passed them by,

Obviously they missed the mark,

Glorious, now we have a platform

Joy to the World
(To the Tune of "Joy to the World")

PalmSource 99

Joy to the world!

A new Palm OS release,

Let us learn of three-five

Notification manager,

and overlays and gadgets

And color API,

And color API,

And color, color API.

The Four Days of PalmSource™
(To the Tune of "The 12 Days of Christmas")

PalmSource 99

On the fourth day of PalmSource

The conference gave to me

Four new product ideas

Three new business partners

Two great deals on hardware

and The story of the Palm Economy

Open Labs
(To the Tune of “Jingle Bells”)

PalmSource 99

Dashing up the stairs
Some new ideas to try
All those engineers
Are there to help it fly

Go get my unit
Find an empty chair
Fire up the IDE and settle in to hack

Open Labs (Cont.)

PalmSource 99

Oh, Open Labs, Open Labs
Where I'm gonna stay
Oh what fun it is to try new concepts from the day

Oh, Open Labs, Open Labs
Where I'm gonna stay
Oh what fun it is to push devices all the way

Open Labs (Cont.)

It’s contest entry time
I know I’m gonna win
I have this great idea
And am gonna turn it in

All I have to do
Is get it working soon
Spent the last night in the lab
And all day in my room

Open Labs (cont)

Oh, Open Labs, Open Labs
Where I'm gonna stay
Oh what fun it is to try new concepts from the day

Oh, Open Labs, Open Labs
Where I'm gonna stay
Oh what fun it is to push devices all the way

Merry PalmSource!!!!!!!!
