Handhelds in the Enterprise Today

PalmSource 99

- Mobile professionals, executives and others:
  - Love their devices
  - Use apps/solutions every day
- Functional managers clearly see their business value and competitive advantage across the enterprise:
  - CRM
  - Operations
  - Manufacturing
- IT departments have legitimate concerns about:
  - Deploying, managing and supporting them
  - Security issues

Enterprise Solutions

MobilArchitect Pendragon Forms BetaSphere

Solutions Yield Success

- Building a ton of customer successes, including:
  - Deployments with hundreds—even thousands—of devices
  - Highly-sensitive, mission-critical data
- Providing:
  - A very strong value proposition
  - High ROIs
  - Real-world customer advantages

Moving Forward: Mainstreaming Handhelds in the Enterprise

PalmSource 99

- Building more and more solutions that reflect the central role of data
- Enhancing the platform
- Providing more enterprise development tools

The PC Is Not the Heart and Soul of IT

PalmSource 99

The Data Is the Heart and Soul

Platform Enhancements for the Enterprise

PalmSource 99
