Developers' Nation

Andrew Eisenberg
CEO, DevelopersNation.net

PalmSource
Conference 2000

Developers' Nation

- Developers' Nation—a new portal sponsored by Palm, Inc.
- A site exclusively dedicated to supporting developers creating applications for the Palm OS®
- Bringing Information and Resources to the Palm OS Community

Developer Technical Support

Comprehensive Technical Support to the More than 100,000 Palm OS® Software Developers Worldwide

- 24/7 support with access to a comprehensive, self-perpetuating knowledgebase
- Expert e-mail tech support with guaranteed SLA
- Phased Implementation: E-mail to real-time online chat support

Palm OS® Developer Exchange

Mike Kaul
CEO, HotDispatch

PalmSource
Conference 2000

Palm OS® Developer Exchange

Vision: On-Line Marketplace for Trading Technical Expertise

- People exchange answers, projects, or code for money
- Developers get the help they need in one place
  - Quick question — Quick, reliable answers
  - Find qualified individuals with project skills
  - Bring together resources for large projects
  - Leverage things already done

Healthy Marketplace — Get Just What You Need

What's Different Here?

- Buy or sell answers, projects, or code — HotDispatch is the only exchange that does all three
- Money creates an efficient dynamic: Responses for $value problems are order-of-magnitude faster than $0
- Infrastructure
  - Global, secure payment
  - Problem solving process captured in design/functional flow
  - Integrated features: auctioning, OfficeFronts, desktop alert
- Captured data about the product/platform issues and their solutions

Palm OS® Press
O'Reilly and Associates

Troy Mott
Editor, O'Reilly and Associates

PalmSource
Conference 2000

O’Reilly & Associates

Who We Are, What We Do

- Premier information source for leading-edge computer technologies
- Communicating the knowledge of experts through books, software, online resources, and conferences
- Bringing innovators together and fostering communities
- Visionary leadership

O'Reilly/Palm OS® Press Agreement

A Partnership for Success

- Publish expert documentation for Palm OS developers
- Joining the forces of two powerful brands
- Creating a new generation of enterprise, professional, and personal applications for Palm OS users
- All Palm OS Press logo products approved by the official Palm development team

Where Do I Sign up?

- Working with editors
  - O'Reilly editors are involved at every stage of the book writing and production process
  - Developmental editing is a crucial part of all O'Reilly books
  - All books in the Palm OS Press agreement will undergo a thorough technical review by Palm engineers for validity and accuracy
- Submitting proposals
  - For detailed information on writing for O'Reilly, visit www.oreilly.com/author/index.html

Software Development Forum

Sandy Herz
Executive Director, Software Development Forum

PalmSource Conference 2000

Software Development Forum
