Conference 2000

Agenda

- Key considerations
- Overview of the region
  - Structure
  - People
- Working with platform services in Europe
  - Programs
  - People
- Learn more

Key Considerations

- Language
  - Sometimes English works, most times not
  - Consider Palm's core locales (EFIGS)
- Culture
  - What's appropriate in local market (cricket scorecard in French—how big is the market?)
- Distribution
  - Think about Internet penetration, suitability of ESD
  - Consider what this means for support
- Local presence
  - Does ESD remove the need?

Common European Themes

- Wireless
  - Ubiquitous GSM coverage
  - Lots of IR-enabled phones
  - Packet data services (GPRS)
  - Sleds/collaborative solutions coming
- Lower Internet penetration than the U.S.
- Higher mobile phone penetration

Palm Northern Europe

- Director: Andrezj “Kap” Kasprzyk
  - Nordic (Sweden, Finland, Norway, Denmark)
  - UK
  - Ireland

- Retail and enterprise sales forces

  - Switzerland
  - Eastern Europe

- Retail and enterprise sales forces

Palm Southern Europe

- Director: Peter Blanken
  - France
  - Benelux
  - Italy
  - Spain
  - Middle East and Africa

- Retail and enterprise sales forces

Licensees

- Symbol
- Handspring
- TRG
- All available, others coming soon…

Diversity

- Channels to market
  - Retail
    - UK: large national chains (e.g., Dixons, Carphone Warehouse)
    - Italy: many independent retails
    - Pan-European distribution and ESD (PalmGear, Handango, BrainDock, etc.)
  - Enterprise
    - Local integrator/VAR partners required
- Language
  - EFIGS
  - English can be different outside the US

Working With the Platform Team

- Palm Alliance Program available globally
  - Expanding European presence
- euro_developer_alliances@palm.com
- Local developer support now in place
- Work closely with Palm and licensee organisations
