Global Opportunities

Build Your Story

. . . and tell it well

Understand Your Customer

- Assess the corporate challenges
- Look beyond the symptoms
- Identify the source of pain
- Ease the pain
- Find more companies in pain

Build an ROI

Cost of mobility

Device		$ 500*
Connectivity	$50-70/mo.	$2,400
Applications	$20-30/mo.	
Support	$100/mo.	

Cost per annum $2,900

Value of mobility

Salary	$50,000
Productivity improvement	10-30%

Value per annum $5,000-15,000

Annual Return on Investment: 60-500%

Sell a Reference Customer

- Find a respectable name
- Secure approval
- Get the advocate to tell your story
- Prove the ROI
- Others will follow

"We saved thousands of dollars in our first 30 days of deployment"

PR Tips & Tricks

- Standard PR
- Press releases with customers
- Trade publications and organizations
- Win reviewers
- Guerilla tactics
- Partnerships for co-marketing

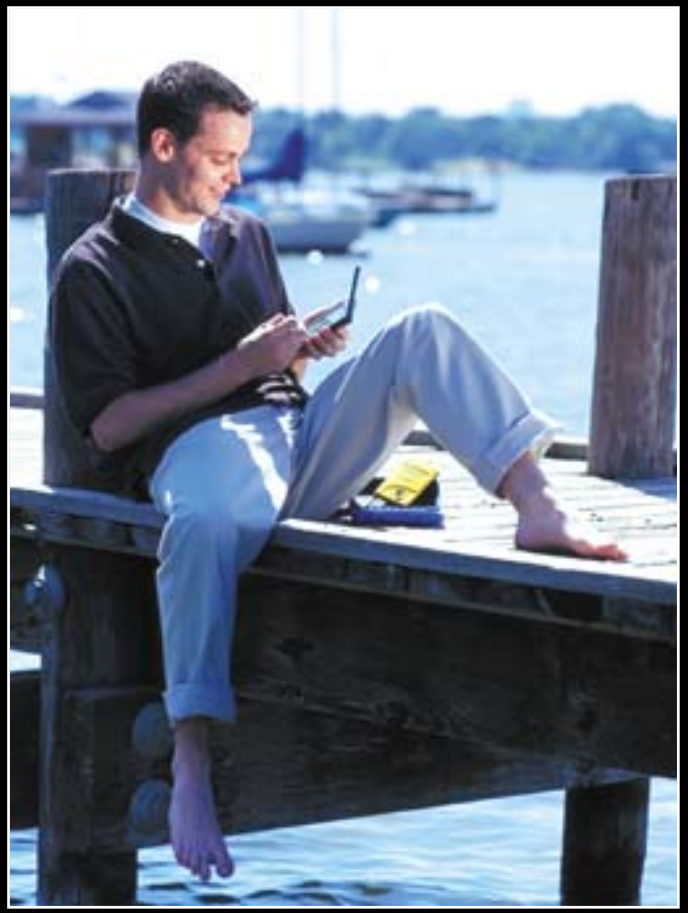

Pitfalls

Riding the wave without drowning

Pitfalls: The Wrong Guy

- Most IT Managers Can Only Say “No”
- Learn the lay of the land
- Don’t be afraid to ask if they have budget

Pitfalls: The Hardware Debate

- Applications drive value
- Total cost of ownership (TCO) matters most
- Other considerations

Pitfalls: The Contract Shuffle

- GM is larger than Spain
- Enhancements are yours
- Will you be here in 5 years?

Now Go Out and Sell!

- Seed the market
- Co-sell to get broader reach
- Have patience - it's worth it!
