# Spring Product Details

**Baseline technologies to optimize for:**

- **ARM processor**
- **Hi-Resolution (320x320) screens**
- **5 way navigation**
- **Bluetooth (Tungsten T)**
- **Enhanced audio support to support codecs (MP3, AAC, WMA, ADPCM)**

- **And we're always innovating… ☺**

# Spring Product Details

**Tungsten C unique technologies:**

- **Fastest ARM processor (400mhz Xscale!)**
- **802.11b built-in**
- **VPN framework (built-in PPTP)**
- **Extended memory support (64MB in T|C)**
- **Palm Quick Install**
- **Keyboard input**
- **Voice Input via optional headset**
- **Corporate email access and proxy-less browser**

# Spring Product Details

## Zire 71 unique technologies:

- **Camera - 640x480 resolution**
- **Palm Photos application – Device and Desktop**
- **Palm Quick Install**

- **Zire 71 is a great platform for mobile media, games, vertical applications for the camera, and of course, all the standard PalmOS applications**

# Spring Product Details

**Tungsten W unique technologies:**

- **Class 10 GSM/GPRS Radio for Fastest Data Speeds**
- **Supporting Personal & Corporate Email, VPN Access SMS and Chat Messaging**
- **Browsing on High Resolution HTML Browser as well as WAP**
- **Up to 10 Hours of Talk Time**
- **Solution built for multitasking. Access data while talking on the phone**
- **Integrated Functionality with PDA Applications**

# Developer Technical Section

How you can optimize your applications for this technology:

1. CDs with current product feature SDK will be part of the handouts. CDs will also be available during the lab sessions
2. Includes extensive documentation , Sample code, headers and Simulators for all public APIs
3. SDK is Beta – GM date is May 30th – no API changes, just documentation updates expected
4. Check out www.pluggedin.palm.com for regular updates to the SDKs plus FAQs and white papers

# Developer Communications

**The NEW & IMPROVED PluggedIn Program**

**Complete redesign of the website which includes**

- Easy access to current SDKs, FAQs, Sample code and white papers
- URL – www.pluggedin.palm.com
- Go Live date – May 30th

**For further information talk to Sabeen Cochinwala (Developer Support Manager) during lab sessions**

# Call to Action

- **Palm Solutions Group leads the worldwide handheld market…**
- **We've added unique, powerful technologies to our newest handhelds**
- **We'd love to help you make amazing applications with our platform**

- **If you'd like to optimize your application for our handhelds or have an amazing solution you'd like to show us, come to our booth, coding lab sessions, or grab someone with a Palm shirt (Black shirt) on!**
